

**PHILADELPHIA BIBLICAL UNIVERSITY
STUDENT HEALTH CENTER
IMMUNIZATION RECORD**

Philadelphia Biblical University requires all students to submit a current health form, have a record of up-to-date booster shots and an up-to-date Mantoux TB Test. This means that **any student who has not submitted a completed, up to date PBU Health Form Immunization Record will not be allowed to attend any classes or move into the PBU dormitories.** Philadelphia Biblical University requires all international applicants to have all of their immunizations updated prior to being accepted, due to high medical costs in this country.

YOU MUST PAY UP TO \$200 USD FOR IMMUNIZATIONS AND TESTS

STUDENTS WHO ARRIVE AT PBU WITHOUT A COMPLETED HEALTH FORM, WITHOUT REQUIRED IMMUNIZATIONS AND / OR WITHOUT REQUIRED HEALTH TESTS WILL BE REQUIRED TO PAY UP TO \$200 USD FOR THE COMPLETION OF THESE REQUIREMENTS.

PLEASE SHOW THIS NOTICE TO YOUR DOCTOR IF YOUR HEALTH CENTER IS UNWILLING TO PROVIDE YOU WITH IMMUNIZATIONS OR TESTS.

Thank you!
The PBU Student Health Center

MMR (Measles, Mumps, Rubella)

[IF YOU WERE BORN AFTER 1956]

First -date of first dose of Measles, Mumps and Rubella given at **12 months of age**

Second - date of second dose (**should be after 1980**)

Every student must receive this 2nd booster in order to be fully immunized and come to PBU.

POLIO

Write **all three dates** of your childhood series and then the date of the latest booster shot received after your childhood series.

DIPHTHERIA, TETANUS, PERTUSSIS

Write in **all three dates** of your childhood series and then the most recent date which has to be **within the past 10 years from your arrival to PBU**. These booster shots are only good for **10 years** meaning that every **10 years you will need a Tetanus booster shot.**

MANTOUX TB TEST

This test or chest x-ray must be done within **1 year of your first day of classes at PBU**.
ALL DATES MUST BE WRITTEN ON THE PROPER LINE.

HEPATITIS B

The Health Center at Philadelphia Biblical University strongly recommends that you receive this vaccine series.
